Portfolio: alekhya-2006.github.io/my_portfolio

Professional Summary

Computer Science undergraduate with hands-on experience in Python, SQL, Data Analysis, and Machine Learning through three end-to-end projects. Experienced in cleaning, analyzing, and visualizing datasets using Pandas, NumPy, Matplotlib, Seaborn, and developing predictive models with scikit-learn. Skilled in exploratory data analysis, feature engineering, and model evaluation.

Education

B.Sc. in Computer Science

Bhaskar Degree College (Affiliated to Andhra University)
Expected Graduation: 2027

Technical Skills

Languages: Python, SQL, C

Data Analysis: Pandas, NumPy, Matplotlib, Seaborn

Machine Learning: scikit-learn, Linear Regression, Data Preprocessing, Feature Engineering, Train-Test Split, Model Evaluation

Database: MySQL

Tools: Git, GitHub, Jupyter Notebook, VS Code

Projects

House Price Prediction using Machine Learning

- Developed and evaluated a Linear Regression model to predict residential house prices.
- Cleaned, preprocessed, and engineered features for model training.
- Evaluated using MAE, MSE, RMSE, and R² Score (0.62).
- Performed exploratory data analysis and visualization.
- GitHub: github.com/Alekhyia-2006/house-price-prediction

Sales Analysis

- Analyzed approximately 5,000 sales records using Python, Pandas, and NumPy.
- Validated dataset quality before analysis.
- Identified Technology as the highest-performing category.
- Found Mobile Phones and Tech Watches among the top-selling products.
- GitHub: github.com/Alekhyia-2006/sales-analysis

Student Performance Analysis

- Analyzed student performance data using exploratory data analysis.
- Verified dataset quality before analysis.
- Created visualizations to identify academic trends.

- GitHub: github.com/Alekhya-2006/student-performance-analysis

Technical Highlights

- Completed three end-to-end projects covering data analysis and machine learning.
- Built and evaluated a machine learning regression model using scikit-learn.
- Maintain an active GitHub profile with documented repositories.
- Designed and deployed a personal portfolio website.

Additional Information

Open to Remote, Hybrid, and Onsite internship opportunities across India.
